2. CONFERENCE SCHEDULE

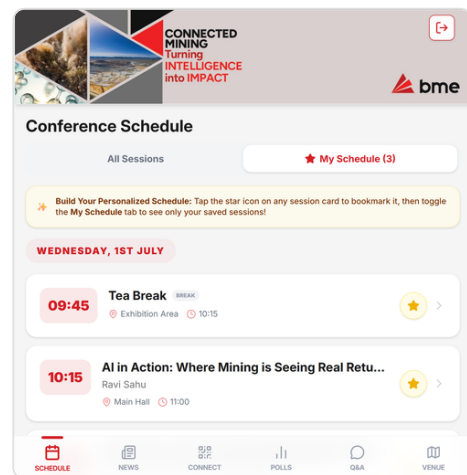

View the full list of sessions for the current year. Tap any session to open its detail view, which includes the **Speaker Bio**, session description, and venue location.

Bookmarking (Personal Agenda): Tap the bookmark icon on any session to add it to your personal favourites. You can toggle the filter at the top of the schedule to view only your bookmarked sessions, making it easy to build and reference your personalised conference agenda.

Rating: After attending a session, use the star rating system in the session details screen to provide feedback on the speaker and content.

Full Schedule

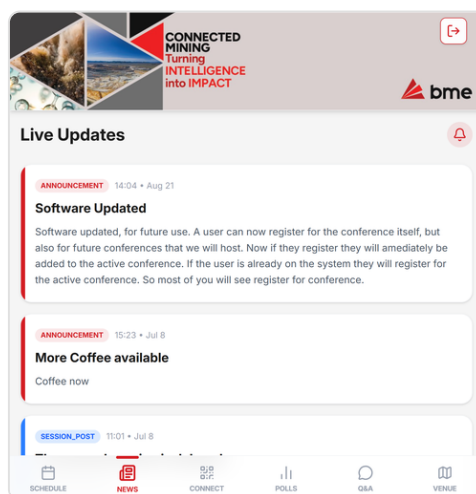

My Schedule (Bookmarked)

3. LIVE UPDATES (NEWSFEED)

The Newsfeed is your home for real-time announcements during the conference. Posts are colour-coded so you can spot the important ones at a glance:

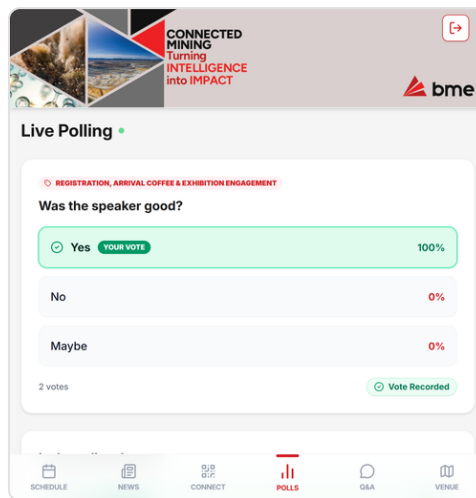

- **Announcements** — highlighted in red for urgent conference-wide news.
- **Session Posts** — highlighted in blue for specific session updates or interesting facts.

Newsfeed

4. LIVE POLLING

When a speaker starts a live poll, it will appear instantly in the **Polls** tab on the home screen. Tap your chosen answer to cast your vote. Once you have voted, you will see the real-time percentage results from all attendees who have participated.

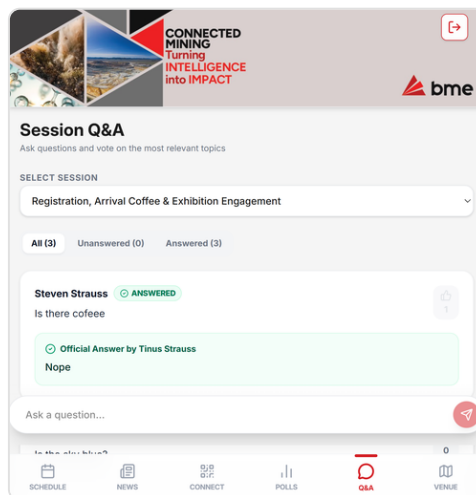

Live Polls

5. SESSION Q&A

Select the active session from the dropdown menu at the top of the Q&A screen, then type your question in the bottom input bar and tap send.

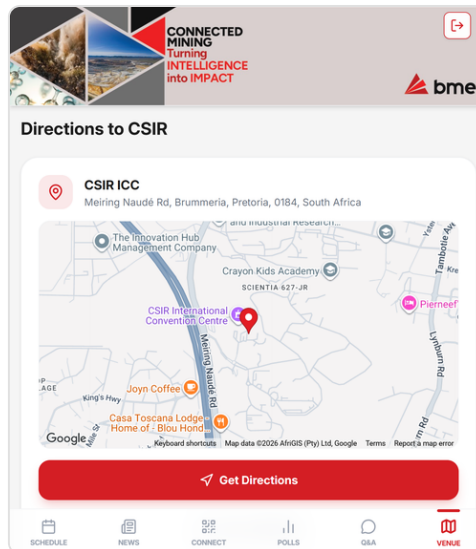

Upvoting Questions: See a question you like? Tap the *Thumbs Up* icon to move it to the top so the speaker sees it first. To prevent spamming, you are limited to exactly **one upvote per question**, and you **cannot upvote your own questions**. Tap the *Thumbs Up* again if you wish to remove your upvote.

Session Q&A

6. VENUE & DIRECTIONS

The **Venue** tab shows the CSIR ICC details including address, parking information, and a map. Tap *Get Directions* to open Google Maps with the precise location already set, ready for turn-by-turn navigation.

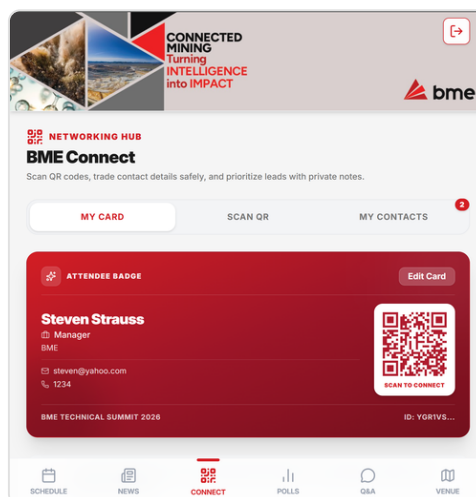

Venue & Directions

7. BME CONNECT (NETWORKING HUB)

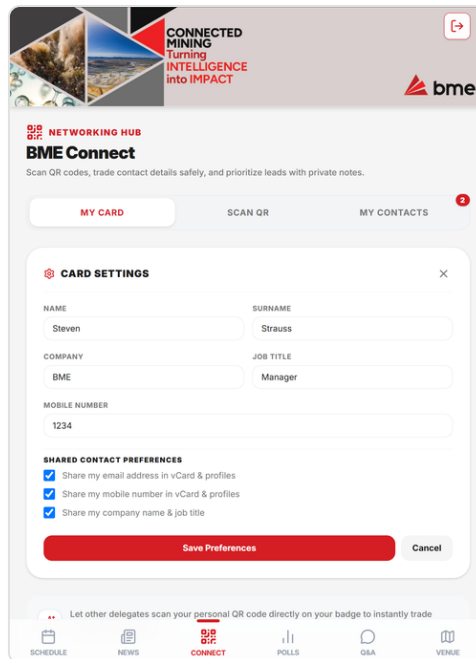

The **Connect** tab is a digital business card exchange and leads manager built to help you network safely and efficiently during the conference.

7.1 My Card

Displays your custom attendee badge and a personal, scan-ready **QR Code**. Tap *Edit Card* to update your contact details or toggle **Shared Contact Preferences** (for example, choose whether to share your email, mobile number, or company/job title). Unsharing a field hides it from other attendees in real-time.

My Card

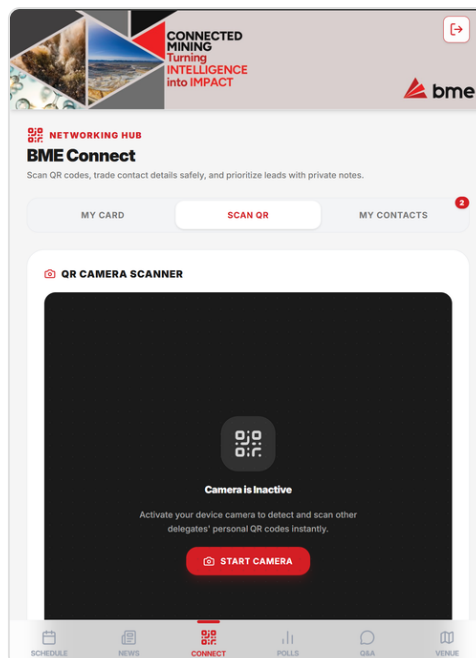

Edit My Card

7.2 Scan QR

Tap *Start Camera* to activate your device's camera scanner, then point it at another attendee's QR code to instantly trade contact details.

Bidirectional Exchange: To keep networking fast, BME Connect automatically registers a mutual connection. When you scan someone, the system instantly sets up a two-way contact link so both of you see each other under *My Contacts* immediately.

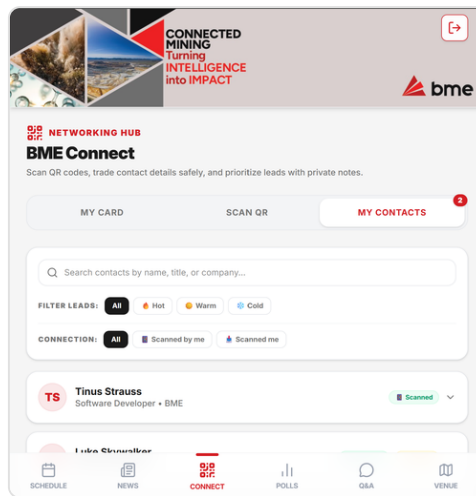

Scan QR Code

7.3 My Contacts (Leads Manager)

Scroll and filter your connections in real-time by search query or lead rating.

- **Private Lead Rating:** Classify connections privately as **Hot**, **Warm**, or **Cold** to prioritise follow-ups.

- **Private Follow-up Notes:** Add private summaries, actions, or meeting notes for each contact. These notes are stored securely and are only visible to you.
- **Save vCard:** Tap *Save vCard* to download a standard `.vcf` contact file directly to your smartphone or computer's address book. The download strictly respects the contact's privacy flags, omitting any hidden fields.

My Contacts
